

Gunn & Pegelow

est. 1954

BTU
company, inc.
est. 1976

- Energy Recovery Heat Pipe Heat Exchangers
- Wrap-Around Heat Pipe Exchangers
- Passive, Controllable or Pumped Solutions

- Outdoor Patio Heating with Layout Assistance
- Portable Gas Heaters
- Electric and Gas Heaters
- Multiple Heater Controls

- Horizontal and Vertical Air Handlers
- Direct or Belt Drive, Modular Options
- Up to 20T Capacity – DX, HW, Steam, CW, Electric Heat

- Pool and Natatorium Dehumidification
- Cannabis Growing and Drying Facilities
- Industrial and Wastewater Treatment Plant Dehumidification

- Ductless Mini-Splits
- Central Air Heat Pump FLEX™ Systems
- Variable Refrigerant Flow (VRF)

- Semi-Custom Air Handling
- Multiple Energy Recovery Configurations
- 2" Foam Panel, Plenum Fan Arrays Standard
- Up to 25,000 CFM

- Integral Face & Bypass (IFB & VIFB) Steam/Hot Water Heating Coils
- Unit Heaters, Door Heaters, Air Curtains
- Makeup Air Units

- Custom Air Handling
- Mechanical Penthouses with Full Piping, Electrical & Temperature Controls

atmosphere is everything

- Air Curtains
- CleanAir™ Series UVC and HEPA Filtered
- BACnet and WiFi Capable Temperature Controls

- Wall Mount Air Conditioners
- Suburban® Gas-Fired PTACs

- Humidifiers (Electric, Gas, Steam, Atomizing, Evaporative)
- Electric Duct Heaters, BACnet Compatible (Open, Finned-Tube, VAV, AHU, Process)
- Compact Makeup Air Units
- Actuators, Valves, Controls

- Bipolar Ionization IAQ Products
- Fan, AHU, and Duct-Mount Options
- Stand-alone and Portable Air Cleaning Devices

- High Volume Low Speed (HVLS) Fans
- EC Motor for Easy Installation and Service

- Unit Heaters (Gas, Electric, Hydronic, Steam)
- Gas Duct Furnaces
- Indirect-Fired Makeup Air Units

- Laboratory Fume Exhaust Systems
- Customized Plenums for All Energy Recovery Technologies
- Aftermarket Service and Solutions

- Custom Chillers Including Air Cooled, Adiabatic, and Evaporative
- Custom Condensing Units Including Variable Speed with Hot Gas Reheat
- Custom Fluid Coolers
- Custom Coils (CW, HW, Steam, DX) by RAE™

- DualCore® Up to 90% Efficient Sensible Heat Recovery
- Multiple Energy Recovery Air Handling Options
- Non-Diminishing Energy Recovery Efficiency

- Direct-Fired Makeup Air and Air Handling
- Semi-Custom Split Systems
- Indirect-Fired Air Handling

- Ultrasonic Humidifiers (Wall and Duct Mounted)
- Deionization Exchange (DIEX)
- Reverse Osmosis & Deionization (RODI)
